Extract from the Staff Meeting Minutes of 27 July 1979:

Taylor said he is uneasy about our Reserve Release situation on the Hill based on bits and pieces of information he has picked up. He said he feels we are being made a "fall guy" stemming from confusion among Hill members on what it is we are asking for in requests for a Reserve Release. He noted, too, our continuing difficulties in replenishing the Reserve fund and said we are probably headed for debate on this issue in the Authorization Committees. He urged that the Director hold a discussion to develop an Agency posture in dealing with the Congress on this issue.
